Please answer the following questions:

1. Please tell us succinctly and specifically what you did with your Willary grant money. In cases of grant money issued for a specific program, focus exclusively on that program. In cases of grant money issued for general operating purposes, tell us exactly what you did with the Willary money.

2. Compare and evaluate your specific, short term, measurable objectives as listed in your application with the actual results achieved.

3. How do your actual expenses compare with the budget projections?

4. What were the lasting benefits of your project?

5. What would you do differently if you were starting the project now?

6. Do you have any comments, suggestions or criticisms about working with the Foundation?

7. If you want us to know anything about the program in general, its accomplishments, or character, please do it here.

8. What challenges / barriers to success did you encounter? How did you respond to these challenges?
